Malathion 1.2 DL.docx

Bonjour Peter!

I hope you are well! Thank you for your submissions of the draft Sections 1.1, 1.2. and 1.3 for monograph 112.

In reviewing these, we find that significant revision will be needed. Appended please find specific comments on the Malathion Section 1.2 Word document, as well as peer comments on Section 1.3 (also available on IOPS). These comments on Malathion apply equally to all the other drafts. Importantly, a reference list should be included for all sections.

We suggest you review these appended comments and revise the Malathion drafts accordingly, following the instructions to authors

(http://iops.iarc.fr/index.php?page=instructions&project_id=118&instruction_id=17) and

the TCE example for Sections 1.1 and 1.3

(<http://monographs.iarc.fr/ENG/Monographs/vol106/index.php>).

We'll be happy to take a quick look at the revised Malathion drafts before you revise the others if that would facilitate your work. We will solicit peer review comments from Working Group members once all drafts are returned.

Don't hesitate with any questions. Thank you again for your efforts!

Best regards,
Kate (and Dana)
